## Speedy's - Flatbed Lasers systems

Speedy 100 A or R version

Table size is 24" x 12"  
Stand and Job Control software optional  
Up to 5" part thickness  
1 or 2 year warranty (A or R version)  
Max speed is 80 ips  
Lens 1.5 inch  
Lens 2 inch  
12 watts  
25 watts  
30 watts  
45 watts

Speedy 300

Table size is 29" x 17"  
Stand is included  
Job Control Expert level included  
Up to 7.5" part thickness  
3 year warranty  
Max speed is 140 ips  
25 watts  
30 watts  
45 watts  
60 watts  
75 watts  
90 watts  
100 watts water cooled  
120 watts air cooled

Speedy 500

Table size is 50" x 28"  
Stand is included  
Job Control Expert level included  
Up to 5" part thickness, but table is removable  
1 year warranty  
Max speed is 100 ips  
Weight is 1100 lbs  
lens 2 inch  
Lens 2.5 inch  
Lens 5 inch  
45 watts  
60 watts  
75 watts  
85 watts  
95 watts  
105 watts  
120 watts  
200 watts water cooled

FineMarker Medium

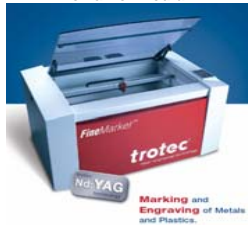

Table size is 29" x 17"  
Stand is included  
Job Control Expert level included  
Up to 6.5" part thickness  
1 year warranty  
Max speed is 80 ips  
Medium is 10 watt (Vanadate)

FineMarker Strong

Table size is 29" x 17"  
Stand is included  
Job Control Expert level included  
Up to 6.5" part thickness  
1 year warranty  
Max speed is 80 ips  
Strong is 20 watt (Vanadate)

Finemaker Fiber 10 watt

Table size is 24" x 12"  
Stand is optional  
Job Control Expert level included  
Up to 4" part thickness  
1 warranty  
10 watts CW (Continuous wave)

Finemaker Fiber 20 watt

Table size is 24" x 12"  
Stand is optional  
Job Control Expert level included  
Up to 4" part thickness  
1 warranty  
20 watts CW (Continuous wave)

Professional

- Cutting
- Engraving
- Marking

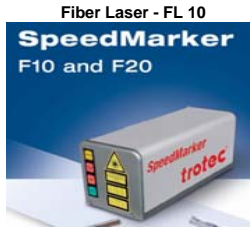

Table size is 51" x 51"  
Max raster speed is about 40 ips  
High pressure nozzle for cutting  
Table does not move  
Manual Z adjustment at head  
About 2" max part thickness on cutting table  
2.5" and 5" lens  
65 watts water cooled  
100 watts water cooled  
200 watts water cooled  
240 watts water cooled

Laserati

Specific for Rubber stamps  
Approx. .25" Z travel  
Vacuum in the head  
Max speed is slow  
Process up to 4 A4 size rubber stamp sheets  
100 watt Coherent  
150 watt Coherent  
Includes dual turbine fume system and pre-filter

## SpeedMarkers - Galvo Based Laser Systems

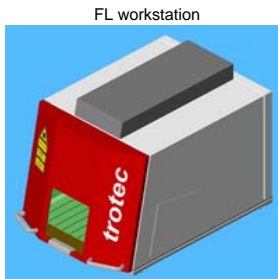

Lens 100mm  
 Lens 160mm  
 Lens 254mm  
 19" rack mount Power supply  
 Integrated computer  
 Speedmark Software  
 10 watt pulsed Fiber laser (20KHz - 80KHz)

Lens 100mm  
 Lens 160mm  
 Lens 254mm  
 19" rack mount Power supply  
 Integrated computer  
 Speedmark Software  
 20 watt pulsed Fiber laser (20KHz - 100KHz)

Lens size 70mm x 70mm to 850mm x 850mm  
 19" rack mount Power supply  
 Computer not included  
 SP-ICE card included (insert to PCI slot)  
 WinLase software Light or full version  
 Standard galvo head  
 Turbo galvo head  
 Super galvo head  
 12 watts  
 25 watts  
 45 watts  
 60 watts water cooled  
 100 watts water cooled  
 200 watts water cooled  
 400 watts water cooled

Desktop workstation for FL laser  
 Electrically controlled Z

Freestanding workstation for FL laser

Freestanding rotary dial plate workstation for FL laser
